PROFILE

First-year engineering student in Digital Sciences at ENSEEIHT (Toulouse INP) after intensive preparatory classes, I balance my studies with a job at Carrefour City and private maths tutoring. A rugby player for 12 years, I have built discipline and team spirit that I am eager to bring to real-world projects during my first internship in 2027.

EDUCATION

Engineering Degree Programme – Digital Sciences

EXPERIENCE & COMMITMENTS

Private Maths Tutor

Summer 2026 – present | *Self-employed (micro-business)*

- Tutor final-year high school students (Terminale) in maths, tailoring explanations to each student's difficulties
- Set up and run my own micro-business independently, from scheduling sessions to handling admin
- Strengthened my teaching skills and my ability to explain complex concepts clearly

Multi-skilled Store Assistant

Mid-September 2026 – present | *Carrefour City, Toulouse*

- Handle all tasks in a convenience store: checkout, shelf stocking, receiving deliveries and customer service
- Developed autonomy, versatility and a service mindset while balancing the job with engineering studies

Catering Staff – Event Catering

Several events | *Les Tontons Ripailleurs, Toulouse*

- Set up, served and welcomed guests at catered events, working as a team at a fast pace
- Strengthened my rigour, punctuality and customer-facing skills during peak service

Rugby – 12 years of practice, including 3 at elite level

2010 – 2022, resumed in 2026 | *Verfeil, Stade Toulousain, Toulouse INP Rugby Team*

- Played 3 seasons at elite level with Stade Toulousain, balancing intensive training and competition with school
- Returned in 2026 with the Toulouse INP Rugby Team: discipline, composure under pressure and team spirit

Volunteer – Secours populaire (food aid charity)

2015 – 2020 | *Gragnague centre, France*

- Took part for 5 years in food distribution, welcoming beneficiaries and fundraising
- Developed active listening, empathy and adaptability with a diverse public
